

SHASHI SHEKHAR AZAD

+91 xxxxxxxxxx shashisa.cse@gmail.com [shashisa](#) [shashiazad](#)

Professional Summary

Software Development Engineer with experience building backend microservices using Java, Python, and Go. Skilled in designing RESTful APIs, deploying containerized applications with Docker and Kubernetes, and working within Agile teams. Exposure to Generative AI, Agentic AI, and prompt engineering. Strong foundation in Data Structures and algorithms and Operating Systems.

Technical Skills

Programming: Java, Go, Python, C/C++
Backend: Spring Boot, RESTful APIs, Microservices Architecture
Frontend: React.js, Streamlit, HTML/CSS
Databases: MySQL, SQL Server, Oracle, H2, SQL Queries, Stored Procedures
DevOps / Tools: Docker, Kubernetes, Linux, Shell Scripting, Git, GitHub, NGINX, Postman, Agile Methodology
AI / ML: Generative AI, Agentic AI, Prompt Engineering, Machine Learning
Core Concepts: Data Structures and Algorithms, DBMS, Operating Systems, Computer Networks

Work Experience

Dell Technologies

Jul 2025 – Present

Software Engineer II

Bangalore, Karnataka

- Engineered Nutanix cluster deployment workflows for Dell Private Cloud (DPC) using Go and Python microservices, achieving stable production rollouts across multiple release cycles.
- Built multiple RESTful APIs for infrastructure validation, configuration retrieval, and cluster provisioning, reducing manual checks and strengthening backend automation.
- Developed automated deployment prechecks and validation modules to verify cluster readiness, reducing deployment failures and rollback incidents.

Dell Technologies

Jul 2024 – May 2025

Software Engineer Intern

Bangalore, Karnataka

- Designed and integrated Spring Boot microservices with identity access management and mTLS-based mutual authentication, enabling secure inter-service communication.
- Automated CI/CD workflows using Docker and DevOps tooling, accelerating release velocity within an Agile process.

Axiom Consulting Pvt. Ltd.

Feb 2023 – Aug 2023

Software Developer – Trainee

Noida, Uttar Pradesh

- Developed business logic and UI components for Dynamics 365 ERP using OOP principles, reducing data entry errors by 40%.
- Optimized SQL queries and stored procedures in SQL Server, improving database response time by 20%.

Projects

AI PR Reviewer | Python, LangGraph, LangChain, Google Gemini API, GitHub Actions

2025

- Built an agentic AI code review system using a LangGraph StateGraph-orchestrated multi-agent pipeline (Planner, Reviewer, Critic, Commenter) with typed state, conditional routing, and per-node retry to parse diffs, run static checks, and post inline feedback via Gemini and LangChain.
- Implemented anti-hallucination prompt contracts, issue deduplication, severity-based budgeting, and REQUEST.CHANGES merge gating with resilient fallback paths for LLM failures; automated via GitHub Actions.

TeleMock – Secure Telemetry Pipeline Simulator | SpringBoot, Python, React, NGINX, Docker Aug – Nov 2024

- Architected a telemetry data pipeline using Python clients and Spring Boot RESTful microservices for real-time data streaming and validation across distributed services.
- Configured NGINX reverse proxy with mTLS and built a React.js dashboard with H2 in-memory database for real-time telemetry visualization.

WhatsApp Chat Analyzer | Python, Streamlit, Pandas, Matplotlib

Aug 2023

- Built a data analysis tool with Streamlit and Matplotlib that preprocesses chat exports into Pandas DataFrames for message frequency, word count, and trend analysis.

Education

Dr. B R Ambedkar National Institute of Technology Jalandhar

Aug 2023 – Jun 2025

Master of Technology in Computer Science and Engineering – CGPA: 8.18/10.0

Jalandhar, Punjab

Kashi Institute of Technology Varanasi

Nov 2020 – Jun 2023

Bachelor of Technology in Computer Science and Engineering – CGPA: 7.78/10.0

Varanasi, Uttar Pradesh

Achievements

- Qualified GATE in Computer Science in 2022 and 2023.
- Runner-up in Smart India Hackathon 2022 Grand Finale.
- Teaching Assistant for 80+ students across two semesters at NIT Jalandhar.
